

The University of Würzburg is one of the top universities in Germany in the Life Sciences (DFG ranking 2012). The Graduate School of Life Sciences (GSLS) is funded by the German Excellence Initiative and offers structured doctoral training in this dynamic research environment. The GSLS comprises more than 300 doctoral researchers from 40 different countries and 180 scientific members. The sections Biomedicine, Clinical Sciences, Infection and Immunity, Integrative Biology and Neuroscience define the main fields of research covered.

The GSLS seeks to fill as soon as possible the position of

## Scientific Coordinator

to strengthen its highly interactive team.

As a member of the GSLS team, it will be your responsibility to cooperate with the section and program speakers as well as with the doctoral researchers to continue and extend the scientific training program. This includes the organization of complex scientific events and training activities.

**We seek an individual with the following qualifications and experience in:**

- PhD in the life sciences
- Demonstrated proficiency in scientific management
- Leadership and team management skills
- Outstanding communication, collaboration, and interpersonal skills
- The ability to communicate effectively (in German and in English) with a large scientific community
- Ideally some international experience.

The position is time-limited, initially, to two years. Salary is determined by the wage-agreement TV-L (= pay group E 13).

Following the University's goal of equal opportunity, qualified women are strongly encouraged to apply. Severely disabled persons will be hired preferentially over others with equal qualifications.
